Cellular nutrition is a vital part of your overall health, yet misunderstood by many. Your body is made up of more than 30 trillion individual cells, all with a specific role. Cells are the most fundamental building blocks of life as we know it, and are vital components in every process within your body.

SERVING RECOMMENDATION: Place 10 drops (0.5 mL) in water, fruit juice or vegetable juice. Do not place directly in the mouth. Do not place in hot drinks or mix with chlorinated water.
